Subject: FW: MTO Enforcement Support
Importance: High

Hi everyone, it is now all hands on deck. Given the complexity of the protests, I will need you to assume responsibility operationally for MTO Enforcement supports related to the protests in your region. Jessica set up a call for end of day. See some new info below.

Subject: MTO Enforcement Support
Importance: High

Hi Michelle,

I just got off a call with OPP Chief Superintendent Rohan Thompson. There will be request coming SOLGEN through the DSG to request a couple of things:

1. Heavy Tow information and support. Contracted tow companies used by our Truck Inspection Station
2. MTO Enforcement Support. MTO Enforcement Officers would be put under the incident command of the OPP to assist with ongoing protests across the province. A lot of different municipalities are requesting enforcement expertise from both the OPP and MTO and by having the resources combined in one incident command, individual support requests will be reviewed, assessed for risk and involvement and then actioned.

OPP leadership (Deputy Commissioner) have already reached out to TSD help support this request and identify both MTO and OPP CVSA trainers officers across the province.

Wanted to flag this for you and DM.
